

Garage Spring Cleaning Checklist!

STAGE ONE - EMPTY & SORT

Remove all items from your garage

Audit every item and if it hasn't been used in the past 12 months, get rid of it!

Designate a "donate" and "throw out" pile for items you no longer want

STAGE TWO - CLEAN & TIDY

Sweep entire garage floor. Scrub with hot soapy water and a stiff brush or use a pressure washer.

Cobweb removal from all corners, rafters & surfaces

Wipe down all surfaces - light switches, garage door openers, benches.

Wipe marks or dirt from walls.

STAGE THREE - ORGANISE & STORE

Store seasonal fall/winter items (skis/snow chains/leaf blower)

Bring seasonal spring/summer items out of storage (bikes/camping gear/beach gear)

Create work zones for different items (tools for yard work/tools for DIY)

Create storage zones for different items (kids gear/sports gear/camping gear)

Identify where you need additional storage shelves and storage bins for items

Label any storage bins and zones

Put everything back in it's correct place!
